WHEAT THAT PAID

FIFTY ACRES LEFT STANDING YIELDED 1,173 BUSHELS.

THRESHERS ARE BUSY

New Machines Bought This Year to Handle Crop—Grain is Being Shipped.

Eleven hundred and seventy-three bushels of wheat at 75 cents a bushel would bring $879.75. And 1,173 bushels of wheat is the harvest gathered from two fields belonging to Albert Shupe and Clive Graves, fifty acres in all, which they were at one time on the point of plowing under.

Mr. Shupe had thirty-two acres of wheat on the Robinson farm and Mr. Graves had eighteen acres sowed on the Prather farm. Last spring the fly got into their wheat, and they decided that the best thing to do was to plow it under and plant corn. But other business affairs needed their attention just at that time, so they let the wheat stand and took a chance that it would make something.

Mr. Shupe threshed 656 bushels from his field, and average of 20½ bushels to the acre, and Mr. Graves threshed 517 bushels, an average of 28 2-3 bushels.

Charles Leffler, from an 18-acre field on the Prather farm, has harvested 535 bushels of wheat.

Threshing is the principal occupation of the county just now, and many new machines have been bought this year to handle the crop. From Burlington Junction comes the report that seven machines started work in the fields near there this week.

Ware Brothers made their first set at the W. P. Nicholas farm, south of town yesterday noon. Hollis & Hadden started their season's work at W. W. Jones' farm, northeast of town. H. M. Walter took his first job at Adkines Brothers farms, and Clesters' machine is threshing in the fields northeast of town. E. J. Woods has a new machine and he is threshing in the vicinity of his farm, southwest of town. A. Walter began threshing yesterday for John Messbarger. Fred Humphrey's machine is working on the Estol Bever farm, northeast of Burlington Junction, and Walter Deneen will begin in the Hackett neighborhood, southeast of town, today.

Much of the grain is being shipped away as soon as it is threshed. Shipments left Clearmont last week, and this week the grain dealers in Wilcox began to send out cars.

S. S. CONVENTION IS PLANNED.

Burlington Junction Arranges For County Schools to Meet There July 28 and 29.

The county committee continues to make plans for the union Sunday school convention, which will be held in the Christian church in Burlington Junction Tuesday and Wednesday, July 28 and 29. The local secretary of the association is Miss Millie Kester. A banner will be offered to the Sunday school in the county having the largest number of members at the convention. The Burlington Junction schools are not allowed to compete so that all other schools may have an equal chance.—Burlington Junction Post.

FAIR MANAGER IS HERE.

J. M. Stevens Arrived Today to Prepare Racing Program, Which Will Be Published Monday.

J. M. Stevens, manager of the Maryville Fair and Racing association, arrived in town today to begin the work of arranging the five-day program the first week in September. The program will be announced Monday.

Mr. Stevens says the meet will be a big one and that many of the best horses in this part of the country have been engaged for the races. The races will be kept clean, he says, and no gambling, cheap shows or amusements will be allowed on the grounds.

The fair is to be a big one, too, he says, with it a stock show and all the other features that go with an up-to-date fair. Already several concessions have been spoken for.

The commercial club is to help promote the fair, and Mr. Stevens asks that the people of the town get behind it and boost it.

TO BE PUT ON A FARM.

Governor Major to Recommend 1,000-Acre Tract For Convicts.

Governor Major stated recently that he will ask the next legislature to purchase a farm of at least one thousand acres across the river from the penitentiary, in Callaway county, for a convict farm, where vegetables and meat may be produced for consumption by the convicts. He believes that a great saving to the state could be effected in this way.

The governor would have the convicts taken to the farm every morning on work days by a ferry across the Missouri river, operated between the prison and the farm, and return them to the prison at night. He believes the farm would supply all the vegetables and meat required for use in the prison, and he estimates that four hundred convicts could be employed.

A plan of this kind was attempted during the eighties under Governor Marmaduke's administration. A farm of 640 acres was bought in Callaway county just opposite the prison, but the residents of Callaway objected to the presence of the convicts there and the project was abandoned. The convicts then were kept in barracks across the river and not returned to the penitentiary at night.

The governor says that as all the prison contracts for convict labor will expire at the close of next year some shift must meantime be made for feeding the prisoners, and he considers a convict farm an important issue in this respect.

Mrs. J. L. Hunt Starts Western Trip.

Mrs. J. L. Hunt left yesterday for a long trip through the west. She will stop in Salt Lake City to visit her niece, Mrs. Nettie Hapgood, will go from there to Spokane and then to Deer Park to visit her son, R. A. Hunt. From there she will go to Billings, Mont., to visit with Mrs. E. A. Snow, returning home some time late in the summer.

Guests of Roelofsons.

Mrs. Paul H. Sawyers of St. Joseph is visiting in Maryville with her parents, Mr. and Mrs. J. F. Roelofson. Mrs. Sawyers was accompanied by a friend Mrs. E. N. Gartin and little son of St. Joseph, who will also be guests of the Roelofsons.

B. C. Hallsa and son, Orville, started Tuesday on the 10:02 train for Calgary, Canada, for a visit of a few days with Mr. and Mrs. Joe Younger. They went via the Chicago Great Western to St. Paul, and expect to reach Calgary in about two days.—Elmo Register.

Guest at Sawyers Home.

Miss Agnes Sawyers of Savannah is visiting at the home of her uncle, Robert J. Sawyers, and family, west of the city.

Visited in Maryville.

Mr. and Mrs. Fred Murray of Maitland spent the day Frida yvisiting in Maryville.

BOYS DEFEAT MEN

GILLAM AND YEHLE ARE STILL CITY CHAMPIONS.

TENNIS TAKES A BOOM

Rev. Mr. Cox and Walter Wray Could Not Wrest Title From Holders—Talk of a Tournament.

Tennis enthusiasts were suddenly startled yesterday when Forrest Gillam and Eugene Yehle, challengers, defeated the Rev. Gilbert S. Cox and Walter Wray in a fast match of doubles, retaining their title of city champions. Consequently tennis has taken a boom, and the players about town are beginning to talk of a tournament.

About two weeks ago the two young players, Gillam and Yehle, issued a challenge to anyone in the city to play for the championship in doubles on any regulation court in Maryville. Immediately their challenge was accepted by several teams of boys their own age, and they began to play for their right to keep the title they claimed. They met Irwin Harris and Jack Holt, Jesse Miller, Jr., and Harold Ryan, Harold Ryan and Goff Crawford. When that list of matches had been finished Gillam and Yehle were still champions.

Then the Rev. Mr. Cox and Walter Wray accepted the challenge, and the match was played on the Townsend court yesterday afternoon. At the end of the second set it looked as if the champions were about to lose their title, for they had lost both sets. Mr. Cox and Mr. Wray had had to play in order to win, however. They took the first set 6-4. In the second set they took a good lead, but Gillam and Yehle finally deuced the set, only to lose later 7-5. After that the two young players gained steadily and took the last three sets 6-2, 7-5, 6-1. The two boys play an excellent game for their age and size, and Gillam's net is exceptionally strong.

The result of the match quickened the interest in tennis as much as anything has done this year. Several new courts have been built this summer, and when first completed tennis was the most popular game in the city. An organization and tournament was talked of, but the subject had been dropped until after yesterday's games. Today many of the players over town are again talking of arranging for a tournament, not only to furnish more games and increase the interest of the players, but to provide systematic playing for the championships in both singles and doubles.

E. C. CURFMAN TO RETURN.

Much Improved by Lengthy Stay in Colorado.

Mr. and Mrs. Ed C. Curfman, who have been at Salida, Col., for the past seven weeks, will return to Maryville Saturday night. Mr. Curfman went to Salida to be treated by his brother, Dr. George Curfman, for blood poisoning. While working with a ripsaw his hand was cut and the wound became infected, resulting in a serious case of blood poisoning. His condition now is greatly improved.

Home From Wyoming.

Mr. and Mrs. John Baker returned Wednesday night from Sheridan, Wyo., where they have been spending several weeks with Mrs. Baker's aunt, Mrs Collier.

Kansas Guests Home.

Mr. and Mrs. C. H. Eaton of Montrose, Kan., who have been visiting at the home of Mr. Eaton's sister, Mrs. U. I. Willson, and family, have returned to their home.

Mound City Guests.

Mrs. Jonas Whitmer and Mrs. John Pollock and daughter, Blanche, of Mound City are visiting at the home of Mrs. Whitmer's niece, Mrs. George Kemp.

Purchased a New Car.

William Everhart purchased this week a new Paige touring car.

1ST CHAUTAUQUA DATES ARE JULY 12-17

COUNTY'S SEASON OPENS AT SKIDMORE SUNDAY.

Miss Mildred Morrison, Singing With Concert Company, Will Appear On the Program.

The Chautauqua season will begin in Nodaway county when the Skidmore session opens Sunday morning with a big union Sunday school meeting. From then on until the last of August Chautauquas will be in progress in all parts of the county.

The Skidmore Chautauqua this year will be the first one the town has had. It will be held in the school grounds and will last six days, July 12 to 17. The course will be given under the management of the White & Myers system. The Rev. W. H. Welton is president of the association.

At 9:30 o'clock next Sunday morning the Sunday schools will meet in their respective churches and march to the Chautauqua grounds. The procession will be headed by the Skidmore band.

Among the persons who will appear on the program for the week is Miss Mildred Morrison, formerly of Maryville, who is singing with the Sarah Ruth Bates Concert company. John T. Baker, attorney general of Missouri, will be one of the principal speakers.

The list of talent for the course is: Eastern Artists Concert company, Dr. John Merritte Driver, John T. Barker, Mme. Morreoli's quartet, Harry Philips, Marian Chase, Schaeffer, Kerr Boyce Tupper, Dr. Sigel Roush, Arthur Kachel, Frederick Kenyon Brown, Josef Konecny and company, Sarah Ruth Bates Concert company and the Imperial Ladies orchestra.

BEST WAY TO SPRINKLE LAWNS.

It is Not Enough to Water Surface of the Ground.

Sprinkling the lawn is an ever present duty during a hot, dry summer, and most summers are both hot and dry. Almost every one who ever sprinkles a lawn feels that he knows precisely how it should be done, but the United States department of agriculture has published a bulletin of directions for scientific sprinkling.

Bad watering, the bulletin says, is responsible for many poor lawns. Most persons believe that when they have moistened the surface of the ground they have done all that is necessary. This view is erroneous. The bulletin says that merely to moisten the surface will cause the roots of the grass to grow near the top, and a few hot days will dry them up and kill the grass unless the sprinkling is regular and continuous.

The best way, according to the experts of the department of agriculture, is to sprinkle on one spot from six to twelve hours; then on another spot for the same length of time and so on until the whole lawn is thoroughly moistened, the sprinkling being so slight that not a drop of water runs off and is wasted. The water then sinks down into the soil, the roots go down after it, and the grass can better withstand protracted drought.

There are a few persons who sprinkle their lawns in this way, but the great majority do not. Undoubtedly there is much bad sprinkling which does the lawn more harm than good. Unless good judgment is used in the time and manner of sprinkling it will be better not to sprinkle at all. Grass is persistent and not easily killed, but as between being scalded to death by improper watering or scorched to death by drought there is not much choice, and the scalding is quite as effectually deadening as is the scorching—if not more so.—Louisville Courier-Journal.

SUZZALO GIVES LAST LECTURE.

Teachers Must Put Spirit of Adventure Into Work and Get Away From Conventions, He Says.

Dr. Henry Suzzalo delivered the last of his series of lectures to the Normal school students this morning.

He said that the great art of the modern teacher is to introduce something of spice and the spirit of venturesomeness into the teaching, and to break, in a judicious way, from the conventional methods and the traditionalism which exist in the school of today.

"There must be no rebellious or revolutions in the profession," he said. The change must come by the evolution of one thing at a time. Since experience is the basis of all activity, the schools have come and can stay only as they supplement this experience. The business of education, then, is to begin with bodily activity and gradually lead to great mental activity, the bodily phase lessening.

"One of my texts would be to break up the conventional neglect of the really important things."

The speaker continued that the higher one rose from the plane of animalism the greater must be the use and the scope of the imagination. The lower schools, he said have formerly been composed of the things which were thrust off from the high schools, and it is now the duty of the teacher to work back in the opposite direction with the good of the child at heart.

Dr. Suzzalo pointed out that language is absolutely necessary for communication and for the expression of clear and easy thought. Language means more than its ordinary conception in spoken and written forms. It includes all forms of expression through gesture, art or music. To teach effectively, the instructor must use all of the forms of expression which he expects to inculcate in the being of the child.

"The emphasis of the teacher," he continued, goes from the dominator of the school room to the sympathetic helpfulness of the supervisor of learning. It is only as the teacher shifts his viewpoint from that of interference to that of judicious suggestion that he will ever become an efficient stimulator of the children whom he teaches.

"Last of all, when the child finds his resources and experiences inadequate, you must act the part of the stimulator and make his reactions sure where they are not sure. The teacher, then, must have not only the power of stimulation, the power of suggestion, but must, through a socialized experience, be an evolutor of experiences."

Hot? Yes, One Degree Hotter.

If you have complained of the excessive heat today you have a perfect right to, says J. R. Brink, Uncle Sam's weather man, for it is all of one degree hotter than yesterday. And how hot is it today? Well, no hotter than it has been three other days this summer. The thermometer registers just 98 degrees.

CITY FEDERATION'S FIRST BENEFIT A SUCCESS.

IS FOR MATRON'S FUND

It is Hoped That the Rest Rooms Will Be Ready to Open Wednesday, July 15.

Success attended the ice cream social given Thursday night by the City Federation for the benefit of the rest room, and about $75 was cleared, which is to be applied to the matron's salary fund.

The tables for serving were placed on Main street, and from the time of the opening, at 7 o'clock, until the close, at 10 o'clock, the tables were crowded.

In addition to the sale of refreshments, J. B. Ellis, manager of the Fern theater, donated half of the ticket sale for the evening, and the cakes left were auctioned off by Berney Harris. The tables, chairs, electric lights, plates, and all articles used were lent to the women, and everything for the affair except the ice cream was donated. The women of the Federation are grateful to the merchants and to everyone in the city who helped to make the evening so successful. Everyone has given enthusiastic support to the Federation in all of the work connected with the furnishing and upkeep of the new rest room for women. The Federation has taken the responsibility of paying the matron's salary and expects to give a series of benefits to pay for this.

The rooms are being furnished and the women hope to have them ready to open by July 15.

M. E. BROTHERHOOD PICNIC.

Monthly Meeting Held at Embree Farm Yesterday Evening—Plans For Church Work Made.

Twenty-five members of the First Methodist Church Brotherhood went in cars yesterday afternoon to the farm of Brint Embree, west of Maryville, for their monthly picnic.

The first thing they did was to play a game of ball, which contained one feature. Walter Wray knocked a hot grounder which bounded, struck L. M. Tracy on the head, and from there bounded into an adjoining field.

After supper a business meeting was held. The brotherhood set August 13 as the time for a picnic, to which the women of the church are to be invited. An invitation to take charge of next Sunday afternoon's services at Mt. Ayr church was accepted, and several members will go there to speak that afternoon.

The brotherhood was divided into twenty groups of two members each, and during August and the first part of September they will canvass every member of the church, giving out educational literature about the church and its activities.

Leave On Vacation.

Ed Gray and Hosick Holmes will leave Friday afternoon for a vacation trip of several weeks. They will go first to Denver and Colorado Springs, and from there will go to Billings, Mont., where they will visit Mr. Gray's brother, W. S. Gray. They expect to make a hundred-mile team and wagon trip, going through Yellowstone park and northwest to Sweetwater and Rosebud lake.

Some Fish Story.

H. L. Raines, R. B. Montgomery and T. J. Penisten returned Thursday night from Gallatin, where they had spent a week camping on the old Grand river, the guests while there of Earl Cline. The fish were abundant, according to Alderman Raines, who caught sixty pounds. He also had his conscience reinforced.

Mrs. Sadie Protzman of Joplin, Mo., is visiting with Mrs. M. A. Lewis, Mrs. Mary Ware and Mrs. Joseph Carder of Quitman.

MISSOURI'S HUNTING SEASON

Information for Hunters and Fishermen About the Game Laws of the State.

July 1 marked the opening of the season for shooting squirrels. There are plenty of them this season. Under the Missouri law squirrels may be killed from July 1st to November 30th; provided, you have a hunter's license, which is issued by your county clerk for a fee of one dollar.

The open season for dove and plover shooting begins September 1st and closes December 31st.

Don't catch or kill any foxes, coons, skunks, minks or other fur bearing animals at this time of the year. Fur-bearing animals may be taken only during the months of December, January and February.

Don't catch any young foxes and keep them as pets. The law says they must not be in your possession at any time if caught during the closed season. The law permits you to kill foxes, skunks, minks, and others of the varmint varieties, provided you can show conclusively that such varmints are destroying your poultry or other property; but, they must be killed, not captured and held alive. Violation of this section is punishable by a fine of $25.

Seining or netting for fish is lawful and allowed in the main waters of the Missouri and Mississippi rivers at any time during the year, excepting the months of April, May and June; provided, any seine or net used must have meshes measuring not less than two inches square and further provided, that it is unlawful to seine or net within three hundred yards of the mouth of any stream flowing into said rivers. Any person may use a seine not more than twenty feet in length nor more than four feet in width—known as the minnow seine—for catching minnows to be used as bait only. Also, any person owning land along any unnavigable stream or by permission of said land owner, may take fish from such a stream with common two-inch mesh seine, for his own consumption or table use, but it is held unlawful to sell or offer for sale fish so taken. Violation of any part of the foregoing section pertaining to seining or netting of fish is punishable by fine of $50 to $100. It is also unlawful and punishable by a fine of $25 to $100 to engage in what is commonly known as pearl fishing, which means the catching of fish with the hands, in any of the waters of this state during the months of March, April, May and June.

Bear in mind that you must have a hunter's license in this state to hunt anything at any time, anywhere, in any manner; provided, you may hunt without license upon your own or leased land for game only in open season. This section has been construed to mean that you cannot even hunt a rabbit or a 'possum, not even with a stick or a dog, without a hunter's license.

License only cost $1. The fine for hunting without license is $25 to $100; so you see that it is cheaper to get the license than to take the risk of being caught hunting without a license. You are sure to pay the penalty if caught. You can't beat the case with all the lawyers in the state. If you are caught hunting without a license (excepting as noted) there is nothing left for the courts to do but adjudge you guilty and assess the fine.

Colorado Visitors Leave.

Mrs. Jesse Williams and children of Sugar City, Col., who have been visiting several weeks with her parents, Mr. and Mrs. George Conrad left Friday morning for their home. They will be met at Kansas City by Mr. Williams, who is en route home from a southern business trip.

Returns From Kansas.

Miss Dorothy Eaton, the young daughter of Mr. and Mrs. George Richard Eaton, returned Friday from Highland, Kan., where she had been visiting her grandparents, Mr. and Mrs. George Baird.

The ladies of the Pleasant Grove church, south of Maryville, will give an ice cream social Saturday night, July 11. Everybody invited.

N. E. A. INDORSES WOMAN SUFFRAGE

Their Rights Recognized to Fullest Extent by Convention.

St. Paul, July 10.—Women's rights were recognized to the fullest extent by the National Education association, which passed resolutions indorsing woman suffrage, equal pay for teachers regardless of sex and alloted five of the ten vice presidencies to women.

Without a dissenting vote Dr. David Starr Jordan was elected president of the association for the ensuing year.

Oakland, Cal., was chosen as the meeting place next year.

The resolutions adopted indorse pensions for teachers, increased salaries, vacations to permit teachers to travel, simplified spelling, international peace, physical inspection of children and co-operation between parents and teachers in teaching sex hygiene.

President Wilson's attitude in the Mexican situation was also indorsed.

Characterizing the Carnegie and Rockefeller foundations as agencies menacing true academic freedom and tending to defeat the primary purposes of democracy in the schools, the normal school department unanimously adopted a resolution censuring these funds.

FEEDING WHEAT TO STOCK

Small Grain Worth Less Than Corn In Kansas.

Washington, July 10.—Despite the wheat crop estimate this year of 930,000,000 bushels, the largest on record, no hope is held out by the department of agriculture for greatly reduced prices. Such a large crop would augur very low prices were it not that the world's crop of wheat and competing grains do not promise more than the average of recent years. Besides, more than the usual diversion of wheat from its use as food to the use of feed for live stock may be expected because of the present relatively short supply of corn in sections where there is a promise of abundant wheat.

With corn selling in Kansas for about 7 cents more a bushel than wheat it is not surprising, officials say, that much wheat should be consumed as food by animals.

T. R. MAY RUN FOR GOVERNOR

Colonel May Accept Nomination to Keep Sulzer Out of Race.

Oyster Bay, N. Y., July 10.—Former President Roosevelt may be forced to accept the Progressive nomination for governor, it was said, to prevent William Sulzer, deposed governor, from capturing the nomination. The former governor has developed much strength in the state, it is said.

On account of this situation, according to statements made by a man in the confidence of both Colonel Roosevelt and Mr. Perkins, some Progressives who hitherto have opposed the nomination of Colonel Roosevelt have been asked to change their minds.

Mr. Sulzer, although not a member of the Progressive party, was elected to the assembly on the Progressive ticket after being impeached as governor.

Miss Sturm Injured.

Miss Clara Sturm suffered a severe injury Thursday, which resulted in breaking the arch of her foot. Miss Sturm was assisting in the housework and stepped from a small ladder, causing the break to the one foot and severely spraining the ankle of the other foot.

Emancipated.

Two years ago I resolved to stop reading and talking. The effect has been so remarkable and the results achieved of such a wonderful character that I feel impelled to lay my experience before the world.

I had acquired the habit of talking of others. I presume that it may have been hereditary. At any rate, I was encouraged in it at an early age by fond parents, who, with an ingenuousness almost impossible to conceive, entertained the idea that what I said was of importance. They even repeated these sayings to others with great joy and satisfaction. I presume that this early practice of hearing myself quoted gave me a fictitious idea of my own talking powers. It was not long before I made a business of voicing my opinions upon every subject that was mentioned.

To do this, I gradually yielded to the temptation of reading. I began first upon books, and gradually descended to magazines, newspapers and advertising signs. Naturally the result was that it became a mania. It is remarkable how a habit may become fastened upon one unconsciously. In the course of years I had become firmly addicted both to reading and talking. I spent most of my time doing either one or the other.

One day I resolved to stop. I made up my mind that I would read nothing more and say nothing more. It was very hard at first. I had to cancel all my dinner and luncheon engagements. I found, however, that by gradually discontinuing my reading I decreased the amount of material on hand to talk about. After this had been going on for some time it dawned upon me that I had a mind. I thereupon acquired the habit of thinking. This has taken the place of both talking and reading.

Today I am a free man. I have no friends and I am not asked out anywhere. The women shun me, society has passed me by, and I am happy for the first time since I was born.—Life.

"Slide For It."

One Sunday morning a minister delivered a very vigorous sermon on "How to Get to Heaven." Right across from the church was a base ball ground where a Sunday game was in progress.

Bringing his fist down on the pulpit, the minister shouted: "What must I do to get to heaven?"

In the stillness that followed there came floating through the window the cry: "Slide for it!"

For Sale.

Mr. and Mrs. J. M. Breedlove of near Bedison entertained a large crowd of friends at their country home Thursday night in honor of their son and his bride, Mr. and Mrs. Glen Breedlove. The affair was also a miscellaneous shower for the newly weds. The hours were spent informally, and later a sumptuous supper was served. Among the guests from Maryville were Mr. and Mrs. C. F. Remus, Miss Florence Anderson, Miss Hattie Thompson, Miss Sthel Epperson, Mrs. Margaret High-Ethel Epperson, Mrs. Margaret High-Rev. L. M. Hale and E. E. Williams.

Pleasant Afternoon For Society.

A large attendance of members of the Women's Missionary society of the First Presbyterian church enjoyed the meeting held Thursday afternoon at the home of Mrs. G. H. Colbert. The gathering was held on the large veranda and the pleasant quarters added to the pleasure of the guest. The program was opened with devotional exercises by Mrs. S. G. Gillam. The regular July study was laid aside and the August program used instead. Rev. S. D. Harkness gave the principal feature of the program, a talk on "Fundamental Principle of Non-Christian Religion." The address was very fine and was a literary and educational treat to the society. Mandolin music by the Misses Dietz, a piano solo by Miss Bernice Crawford and two vocal solos by Mrs. George Richard Eaton completed the program. At the close of the literary hour lunch was served by Mrs. Colbert, who was assisted as hostess by Mrs. J. A. Ford, Mrs. Fred Jamieson and Mrs. A. L. Sage. Among the visiting friends were Miss Minnie Rhodes of Hanover, Ill., who is visiting at the home of her aunt, Mrs. Henry Diem, and Mrs. Brockett of Egypt, Ill., who is visiting her sisters, Misses Sadie and Ethel Woods.

Don't Hide Them With a Veil; Remove Them With the Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

UNFAVORABLE REPORT ON JONES

Wilson's Choice For Board Member Rejected by Committee.

VOTE STANDS SEVEN TO FOUR.

Chicagoan's Being Director of International Harvester Company Reason For Opposition .Existing Against Him—Test of Strength Monday.

Washington, July 10.—President Wilson met defeat in the first stage of his fight to have the senate confirm the nominations of Thomas D. Jones of Chicago and Paul M. Warburg of New York as members of the federal reserve board.

The banking and currency committee voted 7 to 4 to report the nomination of Mr. Jones unfavorably. Two Republicans voted for an unfavorable report.

The vote came after a long discussion of the testimony given by Mr. Jones when he appeared before the committee early in the week.

Little Criticism.

There was little criticism of Mr. Jones, other than that he was a director of the Harvester company, but several members are said to have declared they could not conscientiously approve a man connected with a concern now being prosecuted.

Stress was laid on the fact that some of the acts of the Harvester company complained of in the government's bill asking for its dissolution were committed since April, 1909, when Mr. Jones became a director.

Objection to Mr. Warburg so far is based upon an entirely different reason. The committee has asked him to appear and submit to questions about his business connections. He had refused, and the question as now viewed by the senate is whether it should confirm any man who will not accept such an invitation.

First Test of Strength.

The first test of strength on the Warburg nomination may come Monday, when a resolution will be reported from the senate rules committee increasing the membership of the banking committee. This resolution did not receive the approval of the rules committee, but will be brought to the floor anyhow, and its appearance may lead to the debate which will disclose some of the feeling in the senate toward the nomination.

The president made it clear that he did not take the same view of Mr. Jones' testimony before the banking committee as some of its members took and said the committee's statement about what Jones said made him distrust its accuracy.

"KATY" FLYER HELD UP

Boarded by Robbers In Missouri and Safe Dynamited.

St. Louis, July 10.—The Missouri, Kansas and Texas "Katy Flyer" was held up and the safe dynamited at Matson, Mo., about forty miles southwest of here, according to a report to the St. Louis police.

The first details of the holdup were sent to the railway officials by the telegrapher at Matson. His message told how two bandits swung aboard the engine of the train while it was taking coal.

Covering the engineer and fireman with pistols, the robbers forced them to detach the baggage and express cars and run them a mile up the track, where the safe in the express car was dynamited.

A special train carrying a force of heavily armed deputies and railway detectives, accompanied by bloodhounds, was dispatched from here to the scene of the holdup.

Officials of the American Express company here declared there was about $1,000 worth of jewelry in the safe, but they could give no estimate of the money it contained. The safe usually contains large amounts of currency consigned to Texas points.

Slain by His Two Sisters.

Sterling, Ill., July 10.—Emanuel Byers was shot and killed in his hayfield by his sisters, Mrs. Leo Hutton and Miss Lillian Byers. Each woman, it is charged, fired two shots from the same revolver, and, leaving their brother lying on the stubble, turned without a word and went to the home of a neighbor, where they were arrested. Ill feeling among the three, who are the children of David Byers, a wealthy land owner, has been common knowledge for years.

Trust Program Flayed In Senate.

Washington, July 10.—President Wilson and his trust program were roundly criticized in the senate by Senators Townsend and Clapp. Both attacked the general conditions in the senate surrounding the trust bills, and Senator Clapp declared that a power outside of the chamber "was responsible for the failure of the senate to attend to business."

Spurns Note; Attacked.

Bloomington, Ill., July 10.—When George W. Helter, real estate dealer, refused to sign a note for $7,000 in a realty transaction James C. Norman and his two sons attacked Heler and came near killing him, knocking one eye out. Helter is in a critical condition. The attack took place in Helter's office in the business district of Bloomington.

FIGHT TO FREE MRS. CARMAN ON

Woman's Attorney Seeks to Discredit State Testimony.

Mineola, N. Y., July 10.—The battle to free Mrs Florence Conklin Carman, locked up in the Nassau county jail here, accused of the murder of Mrs. Louise Bailey, was started by George Levy, her attorney. Levy sent word to District Attorney Smith that he had obtained an affidavit from George Golder in which he repudiated a part of his testimony at the inquest. Then he assailed the story of Elwood T. Bardes, the insurance agent, whose testimony that he saw outside Dr. Carman's office a tall, well-built woman, dressed in a dark shirt and a white waist, was directly responsible for Mrs. Carman's arrest.

Mrs. Carman broke down and the jail physician had to be summoned. She was semi-hysterical when the physician arrived. A nerve sedative was prescribed for her and by the time her husband arrived to assist the jail physician she was calm once more.

Meat Prices Will Go Above Record.

Chicago, July 10.—Meat prices will rise above the record figures of recent years despite the huge grain crop, according to packing house representatives, who assert that the present scarcity of cattle and the effect of dry weather on grazing lands will more than offset the enormous grain yield.

Committee Approves Ira N. Morris.

Would you like to get through your wash in half the time it now takes?

A Washday Visitor Hears About Fels-Naptha Soap

Belle—"Well, Mary! Did you do that big wash I see out on the line and have time to sit down and rest at 3 o'clock in the afternoon?"

Mary—"I just guess I did. I've been resting since 2 o'clock, too."

Anty Drudge—"I told Mary about Fels-Naptha Soap some time ago, and since she's been using it she has more time for rest, and she doesn't need to keep up a hot fire, because with Fels-Naptha Soap you can use cool water and do better work."

Would you like to feel that you can let the fire go out and not worry about having hot water to wash the dishes with? If you use Fels-Naptha Soap, you can, because it works best in cool or lukewarm water.

No stains need worry you, for Fels-Naptha Soap will take them out. It will save you weary hours of standing on tired feet bending over the washtubs.

Grease on pots and pans dissolves—marks disappear from woodwork—glass and silverware shine, if you use Fels-Naptha Soap.

Follow the directions on the Red and Green Wrapper.

Better buy Fels-Naptha by the carton or box.

EDWARD CARSON GIVEN FREE HAND

Ulster Leader Has Authority to Order Out Volunteers.

MEN ARE IN SHAPE FOR FRAY.

Ready For Mobilization at Moment's Notice—Anglo-Egyptian Members of Volunteers Receive Cablegrams Calling Them Back to Province.

Belfast, July 11.—The "provisional government" formed by the Ulster Unionists at its first meeting gave Sir Edward Carson a free hand to take whatever action he may think necessary in calling the Ulster volunteers to arms.

The men were declared ready for mobilization at a moment's notice.

Sir Edward in a speech declared that the time had come for the loyalists of Ulster to translate their words into action. He said something must be done to compel the British government to make up its mind. Ulster, he concluded, was anxious for peace, but was not going to accept peace with surrender.

A special dispatch from Cairo, Egypt, says the Anglo-Egyptian members of the Ulster volunteers have received cablegrams calling them back to Ulster.

AT WORK ON TRUST BILLS

Two Changes Made In Interstate Trade Commission Measure.

Washington, July 11.—Determined to perfect the administration anti-trust bills by Monday, if possible, the senate judiciary and interstate commerce committees labored long today.

The interstate commerce committee succeeded in perfecting the interstate trade commission bill already before the senate, adding two important amendments and determining not to amend the much questioned section five, in which unfair competition is declared unlawful. The amendments provide:

"That no order of the proposed trade commission for or against a corporation shall be used as evidence in any subsequent prosecution brought against a corporation under the Sherman law.

"That nothing in the act to create the trade commission shall be construed as amending the Sherman act nor in any way affecting the provisions of that act as it stands on the statute books."

DISCLOSE MILITARY SECRETS

Serious Charge Made Against Editor, Aviator and Photographer.

San Francisco, July 11.—Warrants for the arrest of Charles K. Field, editor of the Sunset Magazine; Robert J. Fowler, an aviator, and Ray B. Eugene, a photographer, were issued at the request of John W. Preston, United States attorney, at San Francisco.

The charges against all three is the disclosure of military secrets and the penalty is ten years' imprisonment or a $10,000 fine for such disclosures if made abroad, and one year or a $1,000 fine if made in the United States. In April Sunset was published an article entitled "Can the Panama Canal Be Destroyed from the Air?" Reproductions of photographs taken from an aeroplane and showing some of the fortifications of the canal zone and of the San Francisco Presidio accompanied the text.

Insane Man Taken to Scene of Crime.

Chicago, July 11.—Peter Buchankow, an escaped patient from the asylum at Kankakee, dropped to his knees and mumbling a prayer crossed himself repeatedly beside a bed in Blue Island, where two women and a child were murdered with an axe on Sunday night. A man also was killed in the house. The insane man, who is suspected of the murders, then fled from the house and fought all attempts to take him back. His actions strengthened suspicions aroused by blood on his clothing and shoes and an admission he was in the suburb the night of the crime.

Thrown from American Vessel.

St. Catherines, Ont., July 11.—A Canadain chief of police was thrown, he alleges, from the steamer Cadillac, an American vessel, to a canal bank when he boarded the ship to serve a summons on Captain Sullivan. Sullivan contended that no British peace officer had the right to board an American vessel, and, according to the complainant, ordered two of his officers and the crew to deposit the chief of police on the bank. Captain Sullivan was later arrested by two police officers from Port Dalhousie and held in $4,000 bail.

Order Against Picketing Dissolved.

Chicago, July 11.—An injunction which for nearly two years restrained the members of the United Brotherhood of Carpenters and Joiners from picketing and taking other action in its strike against the Anderson and Lind Manufacturing company was dissolved by Circuit Judge Heard.

House Passes Salem Aid Bill.

Washington, July 11.—The house voted, 16 to 66, to pass the senate amendment to the sundry civil bill appropriating $200,000 to help the Salem fire sufferers.

SEES PLOT TO ANNEX MEXICO

Moheno Says Roosevelt and Wilson Both In on Scheme.

Vera Cruz, July 11.—Querido Moheno, former minister of commerce and labor, before departing on board the Espagne for Cuba and the United States, virulently criticised the policy of the United States toward Mexico.

As he sat in the forward salon of the French liner Senor Moheno looked through a port hole toward the American flag floating over Vera Cruz and shook his fist in rage.

He insisted that he was in a position to produce proofs that there existed a "secret platform" of the Progressive party in the United States of which Colonel Roosevelt was cognizant and in which he concurred looking to the disruption of Mexico and the acquisition ultimately by the United States of all the territory between the Rio Grande and Panama.

"And not only were the leaders of the Progressive party pledged to this policy," he added, "but politicians of both the Republican and Democratic parties had promised their secret support. That President Wilson himself had subscribed to this iniquitous conspiracy is evidenced by his attitude toward Mexico. Not a single American in all the 100,000,000 population of the United States can give a satisfactory answer as to why those troops are there on shore in Vera Cruz."

"To show up President Wilson's crime against Mexico, the greatest in the history of modern nations," is the announced object of Senor Moheno's trip to the United States.

TIGHT CLOTHES FOR MEN

New Dances Reason For Change In Fashions This Autumn.

Atlantic City, N. J., July 11.—American men who profess to follow fashion's decree will wear suits of the English or form-fitting models this fall and winter, according to the standards approved at the [illegible] of the National [illegible] facturing Clothiers' and Designers' convention.

The opinion of all the delegates was unanimous in approving of the form-fitting styles, and their decrees are accepted without question by most of the leading clothing manufacturers.

Overcoats will have the "French back" and will be double-breasted, button-through variety.

Coats are to be single-breasted, cut in very snugly at the waist line, and just a trifle shorter than last season with soft-roll lapels and three buttons.

Trousers are to be shapely and of medium width.

Several of the delegates were of the opinion that the popularity of the new dance was responsible for the demand for form-fitting clothing.

Progressives Lead In Manitoba.

Winnipeg, Man., July 11.—Results of the general provincial election for the Manitoba legislature still are in doubt. Returns from country districts came in slowly and the outcome may not be known until the returns are announced by election officials. Partial returns showed the progressive organization had won nineteen seats of a total of forty-six in the provincial legislature. The Roblin contingent has sixteen seats and eleven are in doubt.

Troops Leaving Westinghouse Plant.

Pittsburgh, July 11.—Captain Adams of the state constabulary decided that the situation in East Pittsburgh, where the Westinghouse strike is in progress, was sufficiently quiet to permit of the withdrawal of his force. He gave orders to the constabulary to march out. Strike pickets were withdrawn and many workmen entered the shops.

Names Four New Dreadnaughts.

Washington, July 11.—Secretary Daniels announced that the latest four new dreadnaughts, beginning with No. 39, would be named Arizona, California, Mississippi and Idaho. The last two were so named in order that the states of Mississippi and Idaho might not lose their ships because of the sale of two battleships to Greece.

EDUCATOR RAPS PUBLIC SCHOOLS

Dr. Francis Says They Are Namby-Pamby Places.

ATTEND BECAUSE IT IS CUSTOM

Speaker Declares "Some of Us Become Good Citizens in Spite of Them"—Religious, Civic and Political Interests Block Progress.

St. Paul, Minn., July 11.—A somewhat listless session of the National Education association was suddenly enlivened when Dr. J. H. Francis, superintendent of schools at Los Angeles, vigorously attacked the present school system, denounced the inefficiency of the average teacher and characterized as soul wreckers "certain powerful interests that are blocking all forms of educational progress."

Unfavorable criticism of his "sensationalism" was uttered by many leading educators, but the storms of applause which interrupted him at every sentence were indicative of the general attitude of the delegates.

The annual convention closed after a brief session devoted to a discussion of the needs of the public schools. The new board of directors approved the selection of Oakland, Cal., as the meeting place next year. The convention will be held Aug. 16 to 23.

Namby-Pamby Places.

"Our public schools of today," Dr. Francis said, "are namby-pamby places to which we go because it is the custom, and some of us become good citizens in spite of them.

"The purpose of education is to make us scholarly enough so that we may separate ourselves from the common herd. Teachers who train a child to believe that he cannot be respectable unless he is a professional man are a menace to society.

"Schools are all wrong, because they give the credit to the captains of things, not to the stokers. When the teaching force is allowed to make its own judgments and stand on these judgments we will have different boys and girls.

"We are dragging out the souls of our boys and girls by teling them to learn so many pages a day of matter that means nothing to them in practical life."

Hall Rings With Applause.

The hall rang with applause when Mr. Francis shouted:

"God bless the girl who refuses to study algebra—a study that has caused many girls to lose their souls. Give our girls courses in costume designing, instead of mathematics, and life and art and morality and godliness will mean more to them. There is more art in one well selected and well made garment than in all the art galleries of Europe."

He added that nine-tenths of the immorality is caused by damage done to boys and girls by teachers.

"The average literature teacher has no soul and little brain," he continued. "It is a wicked waste of a child's life to compel him to study with her.

"Most of our teachers are selfish egotists, who should be scholars, hiding behind the word 'conservatism.' Afraid of [illegible] would [illegible]

"Progress, too, is blocked by the great civic, religious and political interests."

STATEMENT FROM J. M. STEVENS

Fair Manager Writes Public Letter Explaining His Work in Connection With the Association.

To The Public:

In regard to the Maryville Fair Association and its Management.

In this article, I, James M. Stevens, manager of the Maryville Fair Association, wish to make myself plain as to my duties, who I am and what my connection is with the new Maryville Fair Association.

Sometimes there exists a slight antipathy to a stranger (and I am that to a great many of you) coming into your midst and taking charge of the actual management of a big home enterprise as is being promoted here. But if you will please follow me in this article, I will endeavor to tell you in as few words as possible just who I am and why I have been selected for this position.

I am a citizen of Creston, Ia., but was born in Randolph county, Mo., and am always proud to state anywhere that I am a native Missourian. I have made practically a life study concerning the active management and handling of fairs, celebrations and race meetings. My practical knowledge in this line has been very extensive. I am connected with some of the biggest and best fair associations in the United States. I have, from so much practical experience along these lines, eliminated many of the old ideas and methods and have introduced modern methods.

There has been and will be a big out-put of money and labor in completing the Maryville Fair Association grounds. This is the biggest and best enterprise imaginable for your town and Nodaway county. Much credit is due the men who are actually financing and putting their time into this Fair association. Every fair minded Nodaway county resident should unanimously boost and support the big event September 1, 2, 3, 4 and 5.

The fair association promises a yearly event of five days, that every one of you will be proud of. I emphatically promise every one who attends the big event that you are going to witness the biggest and best fair in this section if the weather prevents. We will surprise many and please all, if that is possible.

Respectfully,
JAMES M. STEVENS.

WHEAT THAT PAID

FIFTY ACRES LEFT STANDING YIELDED 1,173 BUSHELS.

THRESHERS ARE BUSY

New Machines Bought This Year to Handle Crop—Grain is Being Shipped.

Eleven hundred and seventy-three bushels of wheat at 75 cents a bushel would bring $879.75. And 1,173 bushels of wheat is the harvest gathered from two fields belonging to Albert Shupe and Clive Graves, fifty acres in all, which they were at one time on the point of plowing under.

Mr. Shupe had thirty-two acres of wheat on the Robinson farm and Mr. Graves had eighteen acres sowed on the Prather farm. Last spring the fly got into their wheat, and they decided that the best thing to do was to plow it under and plant corn. But other business affairs needed their attention just at that time, so they let the wheat stand and took a chance that it would make something.

Mr. Shupe threshed 656 bushels from his field, and average of 20½ bushels to the acre, and Mr. Graves threshed 517 bushels, an average of 28 2-3 bushels.

Charles Leffler, from an 18-acre field on the Prather farm, has harvested 535 bushels of wheat.

Threshing is the principal occupation of the county just now, and many new machines have been bought this year to handle the crop. From Burlington Junction comes the report that seven machines started work in the fields near there this week.

Ware Brothers made their first set at the W. P. Nicholas farm, south of town yesterday noon. Hollis & Hadden started their season's work at W. W. Jones' farm, northeast of town. H. M. Walter took his first job at Adkines Brothers farms, and Clesters' machine is threshing in the fields northeast of town. E. J. Woods has a new machine and he is threshing in the vicinity of his farm, southwest of town. A. Walter began threshing yesterday for John Messbarger. Fred Humphrey's machine is working on the Estol Bever farm, northeast of Burlington Junction, and Walter Deneen will begin in the Hackett neighborhood, southeast of town, today.

Much of the grain is being shipped away as soon as it is threshed. Shipments left Clearmont last week, and this week the grain dealers in Wilcox began to send out cars.

S. S. CONVENTION IS PLANNED.

Burlington Junction Arranges For County Schools to Meet There July 28 and 29.

The county committee continues to make plans for the union Sunday school convention, which will be held in the Christian church in Burlington Junction Tuesday and Wednesday, July 28 and 29. The local secretary of the association is Miss Millie Kester. A banner will be offered to the Sunday school in the county having the largest number of members at the convention. The Burlington Junction schools are not allowed to compete so that all other schools may have an equal chance.—Burlington Junction Post.

FAIR MANAGER IS HERE.

J. M. Stevens Arrived Today to Prepare Racing Program, Which Will Be Published Monday.

J. M. Stevens, manager of the Maryville Fair and Racing association, arrived in town today to begin the work of arranging the five-day program the first week in September. The program will be announced Monday.

Mr. Stevens says the meet will be a big one and that many of the best horses in this part of the country have been engaged for the races. The races will be kept clean, he says, and no gambling, cheap shows or amusements will be allowed on the grounds.

The fair is to be a big one, too, he says, with it a stock show and all the other features that go with an up-to-date fair. Already several concessions have been spoken for.

The commercial club is to help promote the fair, and Mr. Stevens asks that the people of the town get behind it and boost it.

TO BE PUT ON A FARM.

Governor Major to Recommend 1,000-Acre Tract For Convicts.

Governor Major stated recently that he will ask the next legislature to purchase a farm of at least one thousand acres across the river from the penitentiary, in Callaway county, for a convict farm, where vegetables and meat may be produced for consumption by the convicts. He believes that a great saving to the state could be effected in this way.

The governor would have the convicts taken to the farm every morning on work days by a ferry across the Missouri river, operated between the prison and the farm, and return them to the prison at night. He believes the farm would supply all the vegetables and meat required for use in the prison, and he estimates that four hundred convicts could be employed.

A plan of this kind was attempted during the eighties under Governor Marmaduke's administration. A farm of 640 acres was bought in Callaway county just opposite the prison, but the residents of Callaway objected to the presence of the convicts there and the project was abandoned. The convicts then were kept in barracks across the river and not returned to the penitentiary at night.

The governor says that as all the prison contracts for convict labor will expire at the close of next year some shift must meantime be made for feeding the prisoners, and he considers a convict farm an important issue in this respect.

Mrs. J. L. Hunt Starts Western Trip.

Mrs. J. L. Hunt left yesterday for a long trip through the west. She will stop in Salt Lake City to visit her niece, Mrs. Nettie Hapgood, will go from there to Spokane and then to Deer Park to visit her son, R. A. Hunt. From there she will go to Billings, Mont., to visit with Mrs. E. A. Snow, returning home some time late in the summer.

BOYS DEFEAT MEN

GILLAM AND YEHLE ARE STILL CITY CHAMPIONS.

TENNIS TAKES A BOOM

Rev. Mr. Cox and Walter Wray Could Not Wrest Title From Holders—Talk of a Tournament.

Tennis enthusiasts were suddenly startled yesterday when Forrest Gillam and Eugene Yehle, challengers, defeated the Rev. Gilbert S. Cox and Walter Wray in a fast match of doubles, retaining their title of city champions. Consequently tennis has taken a boom, and the players about town are beginning to talk of a tournament.

About two weeks ago the two young players, Gillam and Yehle, issued a challenge to anyone in the city to play for the championship in doubles on any regulation court in Maryville. Immediately their challenge was accepted by several teams of boys their own age, and they began to play for their right to keep the title they claimed. They met Irwin Harris and Jack Holt, Jesse Miller, Jr., and Harold Ryan, Harold Ryan and Goff Crawford. When that list of matches had been finished Gillam and Yehle were still champions.

Then the Rev. Mr. Cox and Walter Wray accepted the challenge, and the match was played on the Townsend court yesterday afternoon. At the end of the second set it looked as if the champions were about to lose their title, for they had lost both sets. Mr. Cox and Mr. Wray had had to play in order to win, however. They took the first set 6-4. In the second set they took a good lead, but Gillam and Yehle finally deuced the set, only to lose later 7-5. After that the two young players gained steadily and took the last three sets 6-2, 7-5, 6-1. The two boys play an excellent game for their age and size, and Gillam's net is exceptionally strong.

The result of the match quickened the interest in tennis as much as anything has done this year. Several new courts have been built this summer, and when first completed tennis was the most popular game in the city. An organization and tournament was talked of, but the subject had been dropped until after yesterday's games. Today many of the players over town are again talking of arranging for a tournament, not only to furnish more games and increase the interest of the players, but to provide systematic playing for the championships in both singles and doubles.

E. C. CURFMAN TO RETURN.

Much Improved by Lengthy Stay in Colorado.

Mr. and Mrs. Ed C. Curfman, who have been at Salida, Col., for the past seven weeks, will return to Maryville Saturday night. Mr. Curfman went to Salida to be treated by his brother, Dr. George Curfman, for blood poisoning. While working with a ripsaw his hand was cut and the wound became infected, resulting in a serious case of blood poisoning. His condition now is greatly improved.

1ST CHAUTAUQUA

COUNTY'S SEASON OPENS AT SKIDMORE SUNDAY.

DATES ARE JULY 12-17

Miss Mildred Morrison, Singing With Concert Company, Will Appear On the Program.

The Chautauqua season will begin in Nodaway county when the Skidmore session opens Sunday morning with a big union Sunday school meeting. From then on until the last of August Chautauquas will be in progress in all parts of the county.

The Skidmore Chautauqua this year will be the first one the town has had. It will be held in the school grounds and will last six days, July 12 to 17. The course will be given under the management of the White & Myers system. The Rev. W. H. Welton is president of the association.

At 9:30 o'clock next Sunday morning the Sunday schools will meet in their respective churches and march to the Chautauqua grounds. The procession will be headed by the Skidmore band.

Among the persons who will appear on the program for the week is Miss Mildred Morrison, formerly of Maryville, who is singing with the Sarah Ruth Bates Concert company. John T. Baker, attorney general of Missouri, will be one of the principal speakers.

The list of talent for the course is: Eastern Artists Concert company, Dr. John Merritte Driver, John T. Barker, Mme. Morreoli's quartet, Harry Philips, Marian Chase, Schaeffer, Kerr Boyce Tupper, Dr. Sigel Roush, Arthur Kachel, Frederick Kenyon Brown, Josef Konecny and company, Sarah Ruth Bates Concert company and the Imperial Ladies orchestra.

BEST WAY TO SPRINKLE LAWNS.

It is Not Enough to Water Surface of the Ground.

Sprinkling the lawn is an ever present duty during a hot, dry summer, and most summers are both hot and dry. Almost every one who ever sprinkles a lawn feels that he knows precisely how it should be done, but the United States department of agriculture has published a bulletin of directions for scientific sprinkling.

Bad watering, the bulletin says, is responsible for many poor lawns. Most persons believe that when they have moistened the surface of the ground they have done all that is necessary. This view is erroneous. The bulletin says that merely to moisten the surface will cause the roots of the grass to grow near the top, and a few hot days will dry them up and kill the grass unless the sprinkling is regular and continuous.

The best way, according to the experts of the department of agriculture, is to sprinkle on one spot from six to twelve hours; then on another spot for the same length of time and so on until the whole lawn is thoroughly moistened, the sprinkling being so slight that not a drop of water runs off and is wasted. The water then sinks down into the soil, the roots go down after it, and the grass can better withstand protracted drought.

There are a few persons who sprinkle their lawns in this way, but the great majority do not. Undoubtedly there is much bad sprinkling which does the lawn more harm than good. Unless good judgment is used in the time and manner of sprinkling it will be better not to sprinkle at all. Grass is persistent and not easily killed, but as between being scalded to death by improper watering or scorched to death by drought there is not much choice, and the scalding is quite as effectually deadening as is the scorching—if not more so.—Louisville Courier-Journal.

THE EMPIRE THEATRE

SUZZALO GIVES LAST LECTURE.

Teachers Must Put Spirit of Adventure Into Work and Get Away From Conventions, He Says.

Dr. Henry Suzzalo delivered the last of his series of lectures to the Normal school students this morning.

He said that the great art of the modern teacher is to introduce something of spice and the spirit of venturesomeness into the teaching, and to break, in a judicious way, from the conventional methods and the traditionalism which exist in the school of today.

"There must be no rebellious or revolutions in the profession," he said. The change must come by the evolution of one thing at a time. Since experience is the basis of all activity, the schools have come and can stay only as they supplement this experience. The business of education, then, is to begin with bodily activity and gradually lead to great mental activity, the bodily phase lessening.

"One of my texts would be to break up the conventional neglect of the really important things."

The speaker continued that the higher one rose from the plane of animalism the greater must be the use and the scope of the imagination. The lower schools, he said have formerly been composed of the things which were thrust off from the high schools, and it is now the duty of the teacher to work back in the opposite direction with the good of the child at heart.

Dr. Suzzalo pointed out that language is absolutely necessary for communication and for the expression of clear and easy thought. Language means more than its ordinary conception in spoken and written forms. It includes all forms of expression through gesture, art or music. To teach effectively, the instructor must use all of the forms of expression which he expects to inculcate in the being of the child.

"The emphasis of the teacher," he continued, goes from the dominator of the school room to the sympathetic helpfulness of the supervisor of learning. It is only as the teacher shifts his viewpoint from that of interference to that of judicious suggestion that he will ever become an efficient stimulator of the children whom he teaches.

"Last of all, when the child finds his resources and experiences inadequate, you must act the part of the stimulator and make his reactions sure where they are not sure. The teacher, then, must have not only the power of stimulation, the power of suggestion, but must, through a socialized experience, be an evolutor of experiences."

Hot? Yes, One Degree Hotter.

If you have complained of the excessive heat today you have a perfect right to, says J. R. Brink, Uncle Sam's weather man, for it is all of one degree hotter than yesterday. And how hot is it today? Well, no hotter than it has been three other days this summer. The thermometer registers just 98 degrees.

CITY FEDERATION'S FIRST BENEFIT A SUCCESS.

IS FOR MATRON'S FUND

It is Hoped That the Rest Rooms Will Be Ready to Open Wednesday, July 15.

Success attended the ice cream social given Thursday night by the City Federation for the benefit of the rest room, and about $75 was cleared, which is to be applied to the matron's salary fund.

The tables for serving were placed on Main street, and from the time of the opening, at 7 o'clock, until the close, at 10 o'clock, the tables were crowded.

In addition to the sale of refreshments, J. B. Ellis, manager of the Fern theater, donated half of the ticket sale for the evening, and the cakes left were auctioned off by Berney Harris. The tables, chairs, electric lights, plates, and all articles used were lent to the women, and everything for the affair except the ice cream was donated. The women of the Federation are grateful to the merchants and to everyone in the city who helped to make the evening so successful. Everyone has given enthusiastic support to the Federation in all of the work connected with the furnishing and upkeep of the new rest room for women. The Federation has taken the responsibility of paying the matron's salary and expects to give a series of benefits to pay for this.

The rooms are being furnished and the women hope to have them ready to open by July 15.

M. E. BROTHERHOOD PICNIC.

Monthly Meeting Held at Embree Farm Yesterday Evening—Plans For Church Work Made.

Twenty-five members of the First Methodist Church Brotherhood went in cars yesterday afternoon to the farm of Brint Embree, west of Maryville, for their monthly picnic.

The first thing they did was to play a game of ball, which contained one feature. Walter Wray knocked a hot grounder which bounded, struck L. R. Tracy on the head, and from there bounded into an adjoining field.

After supper a business meeting was held. The brotherhood set August 13 as the time for a picnic, to which the women of the church are to be invited. An invitation to take charge of next Sunday afternoon's services at Mt. Ayr church was accepted, and several members will go there to speak that afternoon.

The brotherhood was divided into twenty groups of two members each, and during August and the first part of September they will canvass every member of the church, giving out educational literature about the church and its activities.

Leave On Vacation.

Ed Gray and Hosick Holmes will leave Friday afternoon for a vacation trip of several weeks. They will go first to Denver and Colorado Springs, and from there will go to Billings, Mont., where they will visit Mr. Gray's brother, W. S. Gray. They expect to make a hundred-mile team and wagon trip, going through Yellowstone park and northwest to Sweetwater and Rosebud lake.

Some Fish Story.

H. L. Raines, R. B. Montgomery and T. J. Penisten returned Thursday night from Gallatin, where they had spent a week camping on the old Grand river, the guests while there of Earl Cline. The fish were abundant, according to Alderman Raines, who caught sixty pounds. He also had his conscience reinforced.

Mrs. Sadie Protzman of Joplin, Mo., is visiting with Mrs. M. A. Lewis, Mrs. Mary Ware and Mrs. Joseph Carden of Quitman.

MISSOURI'S HUNTING SEASON

Information for Hunters and Fishermen About the Game Laws of the State.

July 1 marked the opening of the season for shooting squirrels. There are plenty of them this season. Under the Missouri law squirrels may be killed from July 1st to November 30th; provided, you have a hunter's license, which is issued by your county clerk for a fee of one dollar.

The open season for dove and plover shooting begins September 1st and closes December 31st.

Don't catch or kill any foxes, coons, skunks, minks or other fur bearing animals at this time of the year. Fur-bearing animals may be taken only during the months of December, January and February.

Don't catch any young foxes and keep them as pets. The law says they must not be in your possession at any time if caught during the closed season. The law permits you to kill foxes, skunks, minks, and others of the varmint varieties, provided you can show conclusively that such varmints are destroying your poultry or other property; but, they must be killed, not captured and held alive. Violation of this section is punishable by a fine of $25.

Seining or netting for fish is lawful and allowed in the main waters of the Missouri and Mississippi rivers at any time during the year, excepting the months of April, May and June; provided, any seine or net used must have meshes measuring not less than two inches square and further provided, that it is unlawful to seine or net within three hundred yards of the mouth of any stream flowing into said rivers. Any person may use a seine not more than twenty feet in length nor more than four feet in width—known as the minnow seine—for catching minnows to be used as bait only. Also, any person owning land along any unnavigable stream or by permission of said land owner, may take fish from such a stream with common two-inch mesh seine, for his own consumption or table use, but it is held unlawful to sell or offer for sale fish so taken. Violation of any part of the foregoing section pertaining to seining or netting of fish is punishable by fine of $50 to $100. It is also unlawful and punishable by a fine of $25 to $100 to engage in what is commonly known as pearl fishing, which means the catching of fish with the hands, in any of the waters of this state during the months of March, April, May and June.

Bear in mind that you must have a hunter's license in this state to hunt anything at any time, anywhere, in any manner; provided, you may hunt without license upon your own or leased land for game only in open season. This section has been construed to mean that you cannot even hunt a rabbit or a 'possum, not even with a stick or a dog, without a hunter's license.

License only cost $1. The fine for hunting without license is $25 to $100; so you see that it is cheaper to get the license than to take the risk of being caught hunting without a license. You are sure to pay the penalty if caught. You can't beat the case with all the lawyers in the state. If you are caught hunting without a license (excepting as noted) there is nothing left for the courts to do but adjudge you guilty and assess the fine.

Colorado Visitors Leave.

Mrs. Jesse Williams and children of Sugar City, Col., who have been visiting several weeks with her parents, Mr. and Mrs. George Conrad left Friday morning for their home. They will be met at Kansas City by Mr. Williams, who is en route home from a southern business trip.

Returns From Kansas.

Miss Dorothy Eaton, the young daughter of Mr. and Mrs. George Richard Eaton, returned Friday from Highland, Kan., where she had been visiting her grandparents, Mr. and Mrs. George Baird.

The ladies of the Pleasant Grove church, south of Maryville, will give an ice cream social Saturday night, July 11. Everybody invited.

N. E. A. INDORSES WOMAN SUFFRAGE

Their Rights Recognized to Fullest Extent by Convention.

St. Paul, July 10.—Women's rights were recognized to the fullest extent by the National Education association, which passed resolutions indorsing woman suffrage, equal pay for teachers regardless of sex and alloted five of the ten vice presidencies to women.

Without a dissenting vote Dr. David Starr Jordan was elected president of the association for the ensuing year.

Oakland, Cal., was chosen as the meeting place next year.

The resolutions adopted indorse pensions for teachers, increased salaries, vacations to permit teachers to travel, simplified spelling, international peace, physical inspection of children and co-operation between parents and teachers in teaching sex hygiene.

President Wilson's attitude in the Mexican situation was also indorsed.

Characterizing the Carnegie and Rockefeller foundations as agencies menacing true academic freedom and tending to defeat the primary purposes of democracy in the schools, the normal school department unanimously adopted a resolution censuring these funds.

FEEDING WHEAT TO STOCK

Small Grain Worth Less Than Corn In Kansas.

Washington, July 10.—Despite the wheat crop estimate this year of 930,000,000 bushels, the largest on record, no hope is held out by the department of agriculture for greatly reduced prices. Such a large crop would augur very low prices were it not that the world's crop of wheat and competing grains do not promise more than the average of recent years. Besides, more than the usual diversion of wheat from its use as food to the use of feed for live stock may be expected because of the present relatively short supply of corn in sections where there is a promise of abundant wheat.

With corn selling in Kansas for about 7 cents more a bushel than wheat it is not surprising, officials say, that much wheat should be consumed as food by animals.

T. R. MAY RUN FOR GOVERNOR

Colonel May Accept Nomination to Keep Sulzer Out of Race.

Oyster Bay, N. Y., July 10.—Former President Roosevelt may be forced to accept the Progressive nomination for governor, it was said, to prevent William Sulzer, deposed governor, from capturing the nomination. The former governor has developed much strength in the state, it is said.

On account of this situation, according to statements made by a man in the confidence of both Colonel Roosevelt and Mr. Perkins, some Progressives who hitherto have opposed the nomination of Colonel Roosevelt have been asked to change their minds.

Mr. Sulzer, although not a member of the Progressive party, was elected to the assembly on the Progressive ticket after being impeached as governor.

Lengthy Finding In Empress Case.

Quebec, July 10.—Findings of the commission which investigated the wreck of the Empress of Ireland makes 11,000 words, not only dealing with causes of the collision, but making recommendations for new precautions against disaster. The report will be submitted tomorrow.

Steamship Breaks Down In Midocean.

Queenstown, July 10.—The Allan line steamer Sicilian put in here, its machinery having broken down in mid ocean two days out from Havre, whence it sailed on July 3 for Montreal. It has 250 passengers on board, who are to be transferred to another Allen liner.

Miss Sturm Injured.

Miss Clara Sturm suffered a severe injury Thursday, which resulted in breaking the arch of her foot. Miss Sturm was assisting in the housework and stepped from a small ladder, causing the break to the one foot and severely spraining the ankle of the other foot.

Emancipated.

Two years ago I resolved to stop reading and talking. The effect has been so remarkable and the results achieved of such a wonderful character that I feel impelled to lay my experience before the world.

I had acquired the habit of talking of others. I presume that it may have been hereditary. At any rate, I was encouraged in it at an early age by fond parents, who, with an ingenuousness almost impossible to conceive, entertained the idea that what I said was of importance. They even repeated these sayings to others with great joy and satisfaction. I presume that this early practice of hearing myself quoted gave me a fictitious idea of my own talking powers. It was not long before I made a business of voicing my opinions upon every subject that was mentioned.

To do this, I gradually yielded to the temptation of reading. I began first upon books, and gradually descended to magazines, newspapers and advertising signs. Naturally the result was that it became a mania. It is remarkable how a habit may become fastened upon one unconsciously. In the course of years I had become firmly addicted both to reading and talking. I spent most of my time doing either one or the other.

One day I resolved to stop. I made up my mind that I would read nothing more and say nothing more. It was very hard at first. I had to cancel all my dinner and luncheon engagements. I found, however, that by gradually discontinuing my reading I decreased the amount of material on hand to talk about. After this had been going on for some time it dawned upon me that I had a mind. I thereupon acquired the habit of thinking. This has taken the place of both talking and reading.

Today I am a free man. I have no friends and I am not asked out anywhere. The women shun me, society has passed me by, and I am happy for it.—Life.

"Slide For It."

One Sunday morning a minister delivered a very vigorous sermon on "How to Get to Heaven." Right across from the church was a base ball ground where a Sunday game was in progress.

Bringing his fist down on the pulpit, the minister shouted: "What must I do to get to heaven?"

In the stillness that followed there came floating through the window the cry: "Slide for it!"

Mr. and Mrs. J. M. Breedlove of near Bedison entertained a large crowd of friends at their country home Thursday night in honor of their son and his bride, Mr. and Mrs. Glen Breedlove. The affair was also a miscellaneous shower for the newly weds. The hours were spent informally, and later a sumptuous supper was served. Among the guests from Maryville were Mr. and Mrs. C. F. Remus, Miss Florence Anderson, Miss Hattie Thompson, Miss Sthel Epperson, Mrs. Margaret High-Ethel Epperson, Mrs. Margaret High-Rev. L. M. Hale and E. E. Williams.

Pleasant Afternoon For Society.

A large attendance of members of the Women's Missionary society of the First Presbyterian church enjoyed the meeting held Thursday afternoon at the home of Mrs. G. H. Colbert. The gathering was held on the large veranda and the pleasant quarters added to the pleasure of the guest. The program was opened with devotional exercises by Mrs. S. G. Gillam. The regular July study was laid aside and the August program used instead. Rev. S. D. Harkness gave the principal feature of the program, a talk on "Fundamental Principle of Non-Christian Religion." The address was very fine and was a literary and educational treat to the society. Mandolin music by the Misses Dietz, a piano solo by Miss Bernice Crawford and two vocal solos by Mrs. George Richard Eaton completed the program. At the close of the literary hour lunch was served by Mrs. Colbert, who was assisted as hostess by Mrs. J. A. Ford, Mrs. Fred Jamieson and Mrs. A. L. Sage. Among the visiting friends were Miss Minnie Rhodes of Hanover, Ill., who is visiting at the home of her aunt, Mrs. Henry Diem, and Mrs. Brockett of Egypt, Ill., who is visiting her sisters, Misses Sadie and Ethel Woods.

Don't Hide Them With a Veil; Remove Them With the Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

UNFAVORABLE REPORT ON JONES

Wilson's Choice For Board Member Rejected by Committee.

VOTE STANDS SEVEN TO FOUR.

Chicagoan's Being Director of International Harvester Company Reason For Opposition .Existing Against Him—Test of Strength Monday.

Washington, July 10.—President Wilson met defeat in the first stage of his fight to have the senate confirm the nominations of Thomas D. Jones of Chicago and Paul M. Warburg of New York as members of the federal reserve board.

The banking and currency committee voted 7 to 4 to report the nomination of Mr. Jones unfavorably. Two Republicans voted for an unfavorable report.

The vote came after a long discussion of the testimony given by Mr. Jones when he appeared before the committee early in the week.

Little Criticism.

There was little criticism of Mr. Jones, other than that he was a director of the Harvester company, but several members are said to have declared they could not conscientiously approve a man connected with a concern now being prosecuted.

Stress was laid on the fact that some of the acts of the Harvester company complained of in the government's bill asking for its dissolution were committed since April, 1909, when Mr. Jones became a director.

Objection to Mr. Warburg so far is based upon an entirely different reason. The committee has asked him to appear and submit to questions about his business connections. He had refused, and the question as now viewed by the senate is whether it should confirm any man who will not accept such an invitation.

First Test of Strength.

The first test of strength on the Warburg nomination may come Monday, when a resolution will be reported from the senate rules committee increasing the membership of the banking committee. This resolution did not receive the approval of the rules committee, but will be brought to the floor anyhow, and its appearance may lead to the debate which will disclose some of the feeling in the senate toward the nomination.

The president made it clear that he did not take the same view of Mr. Jones' testimony before the banking committee as some of its members took and said the committee's statement about what Jones said made him distrust its accuracy.

"KATY" FLYER HELD UP

Boarded by Robbers In Missouri and Safe Dynamited.

St. Louis, July 10.—The Missouri, Kansas and Texas "Katy Flyer" was held up and the safe dynamited at Matson, Mo., about forty miles southwest of here, according to a report to the St. Louis police.

The first details of the holdup were sent to the railway officials by the telegrapher at Matson. His message told how two bandits swung aboard the engine of the train while it was taking coal.

Covering the engineer and fireman with pistols, the robbers forced them to detach the baggage and express cars and run them a mile up the track, where the safe in the express car was dynamited.

A special train carrying a force of heavily armed deputies and railway detectives, accompanied by bloodhounds, was dispatched from here to the scene of the holdup.

Officials of the American Express company here declared there was about $1,000 worth of jewelry in the safe, but they could give no estimate of the money it contained. The safe usually contains large amounts of currency consigned to Texas points.

Slain by His Two Sisters.

Sterling, Ill., July 10.—Emanuel Byers was shot and killed in his hayfield by his sisters, Mrs. Leo Hutton and Miss Lillian Byers. Each woman, it is charged, fired two shots from the same revolver, and, leaving their brother lying on the stubble, turned without a word and went to the home of a neighbor, where they were arrested. Ill feeling among the three, who are the children of David Byers, a wealthy land owner, has been common knowledge for years.

Trust Program Flayed In Senate.

Washington, July 10.—President Wilson and his trust program were roundly criticized in the senate by Senators Townsend and Clapp. Both attacked the general conditions in the senate surrounding the trust bills, and Senator Clapp declared that a power outside of the chamber "was responsible for the failure of the senate to attend to business."

Spurns Note; Attacked.

Bloomington, Ill., July 10.—When George W. Helter, real estate dealer, refused to sign a note for $7,000 in a realty transaction James C. Norman and his two sons attacked Heler and came near killing him, knocking one eye out. Helter is in a critical condition. The attack took place in Helter's office in the business district of Bloomington.

FIGHT TO FREE MRS. CARMAN ON

Woman's Attorney Seeks to Discredit State Testimony.

Mineola, N. Y., July 10.—The battle to free Mrs Florence Conklin Carman, locked up in the Nassau county jail here, accused of the murder of Mrs. Louise Bailey, was started by George Levy, her attorney. Levy sent word to District Attorney Smith that he had obtained an affidavit from George Golder in which he repudiated a part of his testimony at the inquest. Then he assailed the story of Elwood T. Bardes, the insurance agent, whose testimony that he saw outside Dr. Carman's office a tall, well-built woman, dressed in a dark skirt and a white waist, was directly responsible for Mrs. Carman's arrest.

Mrs. Carman broke down and the jail physician had to be summoned. She was semi-hysterical when the physician arrived. A nerve sedative was prescribed for her and by the time her husband arrived to assist the jail physician she was calm once more.

Meat Prices Will Go Above Record.

Chicago, July 10.—Meat prices will rise above the record figures of recent years despite the huge grain crop, according to packing house representatives, who assert that the present scarcity of cattle and the effect of dry weather on grazing lands will more than offset the enormous grain yield.

Committee Approves Ira N. Morris.

Washington, July 10.—If Ira Nelson Morris' enemies expect to defeat his confirmation for the post of minister to Sweden they will have to hurry. The senate foreign relations committee by a unanimous vote approved Mr. Morris and recommended his name to the senate for confirmation.

Preaching service at 8 o'clock. Sermon subject, "The Weapons o fthe Christians. Duet, "Hold Thou My Hand," Mrs. George R. Eaton and Miss Lois Farmer.

First Christian Church.

Rev. Robert L. Finch, minister.

As these lines are being written workmen are completing the installation of our electric fans. The coolest place in town tomorrow morning at 9:30 will be the auditorium of the First Christian church. But this is not the reason you are expected to be present at 9:30. At 9:30 the morning worship begins with Bible study.

At 10:45 sharp the communion service will be held, followed by the pastor's sermon on "God's Profit Sharing Plan." Our combined service permits an early dismissal.

At 8 p. m. the minister will preach. Subject, "How to Become a Christian."

Don't stay at home and be miserable—come to church and keep cool.

Coming, "Lucille Love."

Classes Study Poland-China Hogs.

Prof. John E. Cameron and R. A. Kinnaird of the Normal school today took their classes in elementary agriculture and animal husbandry to the Robinson and Jameson farms to study, judge and score the Poland-China hogs raised there. Fifty persons made the trip. Ralph Marcell went along to take motion pictures of the classes at work.

Would you like to get through your wash in half the time it now takes?

A Washday Visitor Hears About Fels-Naptha Soap

Belle—"Well, Mary! Did you do that big wash I see out on the line and have time to sit down and rest at 3 o'clock in the afternoon?"

Mary—"I just guess I did. I've been resting since 2 o'clock, too."

Anty Drudge—"I told Mary about Fels-Naptha Soap some time ago, and since she's been using it she has more time for rest, and she doesn't need to keep up a hot fire, because with Fels-Naptha Soap you can use cool water and do better work."

Would you like to feel that you can let the fire go out and not worry about having hot water to wash the dishes with? If you use Fels-Naptha Soap, you can, because it works best in cool or lukewarm water.

No stains need worry you, for Fels-Naptha Soap will take them out. It will save you weary hours of standing on tired feet bending over the washtubs.

Grease on pots and pans dissolves—marks disappear from woodwork—glass and silverware shine, if you use Fels-Naptha Soap.

Follow the directions on the Red and Green Wrapper.

Better buy Fels-Naptha by the carton or box.

EDWARD CARSON GIVEN FREE HAND

Ulster Leader Has Authority to Order Out Volunteers.

MEN ARE IN SHAPE FOR FRAY.

Ready For Mobilization at Moment's Notice—Anglo-Egyptian Members of Volunteers Receive Cablegrams Calling Them Back to Province.

Belfast, July 11.—The "provisional government" formed by the Ulster Unionists at its first meeting gave Sir Edward Carson a free hand to take whatever action he may think necessary in calling the Ulster volunteers to arms.

The men were declared ready for mobilization at a moment's notice.

Sir Edward in a speech declared that the time had come for the loyalists of Ulster to translate their words into action. He said something must be done to compel the British government to make up its mind. Ulster, he concluded, was anxious for peace, but was not going to accept peace with surrender.

A special dispatch from Cairo, Egypt, says the Anglo-Egyptian members of the Ulster volunteers have received cablegrams calling them back to Ulster.

AT WORK ON TRUST BILLS

Two Changes Made In Interstate Trade Commission Measure.

Washington, July 11.—Determined to perfect the administration anti-trust bills by Monday, if possible, the senate judiciary and interstate commerce committees labored long today.

The interstate commerce committee succeeded in perfecting the interstate trade commission bill already before the senate, adding two important amendments and determining not to amend the much questioned section five, in which unfair competition is declared unlawful. The amendments provide:

"That no order of the proposed trade commission for or against a corporation shall be used as evidence in any subsequent prosecution brought against a corporation under the Sherman law.

"That nothing in the act to create the trade commission shall be construed as amending the Sherman act nor in any way affecting the provisions of that act as it stands on the statute books."

DISCLOSE MILITARY SECRETS

Serious Charge Made Against Editor, Aviator and Photographer.

San Francisco, July 11.—Warrants for the arrest of Charles K. Field, editor of the Sunset Magazine; Robert J. Fowler, an aviator, and Ray B. Dupont, a photographer, were issued at the request of John W. Preston, United States attorney, at San Francisco.

The charges against all three is the disclosure of military secrets and the penalty is ten years' imprisonment or a $10,000 fine for such disclosures if made abroad, and one year or a $1,000 fine if made in the United States. In April Sunset was published an article entitled "Can the Panama Canal Be Destroyed from the Air?" Reproductions of photographs taken from an aeroplane and showing some of the fortifications of the canal zone and of the San Francisco Presidio accompanied the text.

Insane Man Taken to Scene of Crime.

Chicago, July 11.—Peter Buchankow, an escaped patient from the asylum at Kankakee, dropped to his knees and mumbling a prayer crossed himself repeatedly beside a bed in Blue Island, where two women and a child were murdered with an axe on Sunday night. A man also was killed in the house. The insane man, who is suspected of the murders, then fled from the house and fought all attempts to take him back. His actions strengthened suspicions aroused by blood on his clothing and shoes and an admission he was in the suburb the night of the crime.

Thrown from American Vessel.

St. Catherines, Ont., July 11.—A Canadain chief of police was thrown, he alleges, from the steamer Cadillac, an American vessel, to a canal bank when he boarded the ship to serve a summons on Captain Sullivan. Sullivan contended that no British peace officer had the right to board an American vessel, and, according to the complainant, ordered two of his officers and the crew to deposit the chief of police on the bank. Captain Sullivan was later arrested by two police officers from Port Dalhousie and held in $4,000 bail.

Order Against Picketing Dissolved.

Chicago, July 11.—An injunction which for nearly two years restrained the members of the United Brotherhood of Carpenters and Joiners from picketing and taking other action in its strike against the Anderson and Lind Manufacturing company was dissolved by Circuit Judge Heard.

House Passes Salem Aid Bill.

Washington, July 11.—The house voted, 16 to 66, to pass the senate amendment to the sundry civil bill appropriating $200,000 to help the Salem fire sufferers.

SEES PLOT TO ANNEX MEXICO

Moheno Says Roosevelt and Wilson Both In on Scheme.

Vera Cruz, July 11.—Querido Moheno, former minister of commerce and labor, before departing on board the Espagne for Cuba and the United States, virulently criticised the policy of the United States toward Mexico.

As he sat in the forward salon of the French liner Senor Moheno looked through a port hole toward the American flag floating over Vera Cruz and shook his fist in rage.

He insisted that he was in a position to produce proofs that there existed a "secret platform" of the Progressive party in the United States of which Colonel Roosevelt was cognizant and in which he concurred looking to the disruption of Mexico and the acquisition ultimately by the United States of all the territory between the Rio Grande and Panama.

"And not only were the leaders of the Progressive party pledged to this policy," he added, "but politicians of both the Republican and Democratic parties had promised their secret support. That President Wilson himself had subscribed to this iniquitous conspiracy is evidenced by his attitude toward Mexico. Not a single American in all the 100,000,000 population of the United States can give a satisfactory answer as to why these troops are there on shore in Vera Cruz."

"To show up President Wilson's crime against Mexico, the greatest in the history of modern nations," is the announced object of Senor Moheno's trip to the United States.

New Dances Reason For Change In Fashions This Autumn.

Atlantic City, N. J., July 11.—American men who profess to follow fashion's decree will wear suits of the English or form-fitting models this fall and winter, according to the standards approved at the meeting opening of the National Association of Manufacturing Clothiers' and Designers' convention.

The opinion of all the delegates was unanimous in approving of the form-fitting styles, and their decrees are accepted without question by most of the leading clothing manufacturers.

Overcoats will have the "French back" and will be double-breasted, button-through variety.

Coats are to be single-breasted, cut in very snugly at the waist line, and just a trifle shorter than last season with soft-roll lapels and three buttons.

Trousers are to be shapely and of medium width.

Several of the delegates were of the opinion that the popularity of the new dance was responsible for the demand for form-fitting clothing.

Progressives Lead In Manitoba.

Winnipeg, Man., July 11.—Results of the general provincial election for the Manitoba legislature still are in doubt. Returns from country districts came in slowly and the outcome may not be known until the returns are announced by election officials. Partial returns showed the progressive organization had won nineteen seats of a total of forty-six in the provincial legislature. The Roblin contingent has sixteen seats and eleven are in doubt.

Troops Leaving Westinghouse Plant.

Pittsburgh, July 11.—Captain Adams of the state constabulary decided that the situation in East Pittsburgh, where the Westinghouse strike is in progress, was sufficiently quiet to permit of the withdrawal of his force. He gave orders to the constabulary to march out. Strike pickets were withdrawn and many workmen entered the shops.

Names Four New Dreadnaughts.

Washington, July 11.—Secretary Daniels announced that the latest four new dreadnaughts, beginning with No. 39, would be named Arizona, California, Mississippi and Idaho. The last two were so named in order that the states of Mississippi and Idaho might not lose their ships because of the sale of two battleships to Greece.

EDUCATOR RAPS PUBLIC SCHOOLS

Dr. Francis Says They Are Namby-Pamby Places.

ATTEND BECAUSE IT IS CUSTOM

Speaker Declares "Some of Us Become Good Citizens in Spite of Them"—Religious, Civic and Political Interests Block Progress.

St. Paul, Minn., July 11.—A somewhat listless session of the National Education association was suddenly enlivened when Dr. J. H. Francis, superintendent of schools at Los Angeles, vigorously attacked the present school system, denounced the inefficiency of the average teacher and characterized as soul wreckers "certain powerful interests that are blocking all forms of educational progress."

Unfavorable criticism of his "sensationalism" was uttered by many leading educators, but the storms of applause which interrupted him at every sentence were indicative of the general attitude of the delegates.

The annual convention closed after a brief session devoted to a discussion of the needs of the public schools. The new board of directors approved the selection of Oakland, Cal., as the meeting place next year. The convention will be held Aug. 16 to 23.

Namby-Pamby Places.

"Our public schools of today," Dr. Francis said, "are namby-pamby places to which we go because it is the custom, and some of us become good citizens in spite of them.

"The purpose of education is to make us scholarly enough so that we may separate ourselves from the common herd. Teachers who train a child to believe that he cannot be respectable unless he is a professional man are a menace to society.

"Schools are all wrong, because they give the credit to the captains of things, not to the stokers. When the teaching force is allowed to make its own judgments and stand on these judgments we will have different boys and girls.

"We are dragging out the souls of our boys and girls by teling them to learn so many pages a day of matter that means nothing to them in practical life."

Hall Rings With Applause.

The hall rang with applause when Mr. Francis shouted:

"God bless the girl who refuses to study algebra—a study that has caused many girls to lose their souls. Give our girls courses in costume designing, instead of mathematics, and life and art and morality and godliness will mean more to them. There is more art in one well selected and well made garment than in all the art galleries of Europe."

He added that nine-tenths of the immorality is caused by damage done to boys and girls by teachers.

"The average literature teacher has no soul and little brain," he continued. "It is a wicked waste of a child's life to compel him to study with her.

"Most of our teachers are selfish egotists, who should be scholars, hiding behind the word 'conservatism.' Afraid of any new method because it would disturb conventions.

"Progress, too, is blocked by the great civic, religious and political interests."

STATEMENT FROM J. M. STEVENS

Fair Manager Writes Public Letter Explaining His Work in Connection With the Association.

To The Public:

In regard to the Maryville Fair Association and its Management.

In this article, I, James M. Stevens, manager of the Maryville Fair Association, wish to make myself plain as to my duties, who I am and what my connection is with the new Maryville Fair Association.

Sometimes there exists a slight antipathy to a stranger (and I am that to a great many of you) coming into your midst and taking charge of the actual management of a big home enterprise as is being promoted here. But if you will please follow me in this article, I will endeavor to tell you in as few words as possible just who I am and why I have been selected for this position.

I am a citizen of Creston, Ia., but was born in Randolph county, Mo., and am always proud to state anywhere that I am a native Missourian. I have made practically a life study concerning the active management and handling of fairs, celebrations and race meetings. My practical knowledge in this line has been very extensive. I am connected with some of the biggest and best fair associations in the United States. I have, from so much practical experience along these lines, eliminated many of the old ideas and methods and have introduced modern methods.

There has been and will be a big out-put of money and labor in completing the Maryville Fair Association grounds. This is the biggest and best enterprise imaginable for your town and Nodaway county. Much credit is due the men who are actually financing and putting their time into this Fair association. Every fair minded Nodaway county resident should unanimously boost and support the big event September 1, 2, 3, 4 and 5.

The fair association promises a yearly event of five days, that every one of you will be proud of. I emphatically promise every one who attends the big event that you are going to witness the biggest and best fair in this section if the weather prevents. We will surprise many and please all, if that is possible.

Respectfully,

JAMES M. STEVENS.

Notice to Whom It May Concern.

There being quite an amount of personal tax on the tax books unpaid, running from on e to five years, I wish to notify all those in arrears on personal tax from one to five years to please call and settle this month and save costs, as I will be compelled to place the same in the hands of the tax attorney after this month for collection.

Please don't neglect as it means the saving of costs to you.

This 9th day of July, 1914.

W. R. TILSON,
Treasurer and Ex-Officio Collector.

To St. Joseph.

Ralph Yehle left Friday afternoon for St. Joseph to visit until Monday with his uncle, John P. Schumacher.
